Mission Statement

The 16th International Ocular Inflammation Society (IOIS) Congress, which is also the 6th Assembly of Ocular Inflammation Society, is organized by the International Ocular Inflammation Society (IOIS) and hosted by the Hellenic Society for the Study of Ocular Inflammations and Infections (HSSOII).

The Congress will be held in virtual format from December 3-5, 2021. It will be a unique opportunity for all major ocular inflammation societies to develop updates on various topics and share their experience with attendees from all over the world. The Scientific Committee will be organizing robust scientific sessions to cover intraocular and extra-ocular inflammatory and infectious disorders,

including recent advances in ocular imaging, clinical and surgical treatment of recalcitrant ocular inflammations, evolving infectious uveitis entities, as well as current understanding of the underlying pathogenesis of disorders such as age-related macular degeneration and diabetic retinopathy. Moreover, the program will include surgical interventions in uveitic complications such as secondary cataract, medical and surgical management of glaucoma, retinopathy and others.

It is the first time that the IOIS Congress will be broadcasted virtually. The content will be available in a dedicated and secured platform until June 2022.
